Kansas Municipal  
League (KML)  
October 7, 2018  
Topeka, KS

In August, Little River Splashpad in Moore, Oklahoma was selected as a 2018 Dream Design Award Winner by *Aquatics International*. We assisted the City of Caldwell with a new Splashpad beside their City pool and Long Branch Lagoon in Dodge City experienced a busy summer after winning a Dream Design award last year. For the past couple of years, we have been offering Splashpad Tours. This is a great way to see multiple completed projects and compare sizes, equipment and themes. With more than 200 completed projects, Power Play can assist you with your Splashpad project.

### Maize Splashpad Helps Beat the Heat!

Bus loads of kids are often seen arriving at the City of Maize Splashpad on hot summer days. The colorful park provides features with many different water effects for all ages from toddlers to teens. Shades and benches surround the Splashpad for a full day of fun and cooling down in the summer!

### Long Branch Lagoon Wins Dream Design Award!

### Little River Wins the Award for 2018 Aquatics International

Power Play is excited to announce that Little River Park Splashpad for the City of Moore, Oklahoma has been selected as a 2018 Dream Design Award Winner from *Aquatics International*. This project is the only stand alone Splashpad to win an award this year. This is the 7th Dream Design award for Power Play.

## From Toddler Pool to Splashpad in Caldwell, KS!

The City of Caldwell had an old toddler pool next to their swimming pool that needed constant attention and was hardly being used. They decided to upgrade to a Splashpad for more fun and engagement for all ages. They park includes the popular Aqua Dome, the non stop Bucket Trio, and two Spray Loops with misting water jets that kids love to run through. Shades cover the Splashpad area protecting little ones from the hot sun and custom benches provide an area for families to relax and get their feet wet. Adding a Splashpad made the space more useable for everyone!

### New Explora Collection Becomes a Huge Hit for Summer

Power Play incorporated the new Explora Collection into three completed projects this summer. The new Explora Collection won two International Design Awards for 2018 and has quickly become a favorite. The innovative design helps kids engage more deeply in the process of discovery and encourages them to move, reach, touch, push, tap, spin, run, and feel.

## Introducing Vortex's PrecisionRide™ Series

Engineered for performance and manufactured with state of the art technology, Vortex's new PrecisionRide™ series offers the ultimate waterslide experience with unmatched smooth, comfortable rides. Their superior appearance, strength to weight ratio, durability, performance, and design flexibility make them a great waterslide solution for a wide variety of aquatic installations.

Vortex is also pleased to announce its PrecisionRide™ series has been named Most Valuable Products in 2018 by Aquatics International's readers.
